- TAS (specifically Katie Hasse, the ASCC Representative, and Sarah Harmon) have created flyers and more bookmarks, and we're working with Marketing and Outreach, as well as the Cultural Center, to spread the word about ZTC and LTC courses. Soon we'll also have explainer videos for everyone on our [ZTC page](#).
- TAS has begun tabling on campus! We are spreading the word about all things ZTC/LTC, including connecting students to workshops at the Learning Center so that they can use the course materials, and so much more. Look for us, and tell your students!

OER/ZTC 'Program Review' Data

For much of this semester, TAS has been reviewing the [enrollment, success and retention data](#) on ZTC and LTC courses, as a way of measuring the mid-point of the OER/ZTC Implementation Plan. The group has also offered suggestions for next steps to address known gaps and to continue to build on successes. These data are part of a series of presentations that Sarah Harmon will be giving; she's been accepted at the Online Teaching Conference, and has submitted a proposal for both Cal OER 2024 (August) and the Open Education Conference (October).

Cal OER 2024: Save the Date

Registration and the Call for Proposals are now available for Cal OER. The fourth annual [Cal OER Conference](#) will be held virtually on August 7-8, 2024. This event is open to everyone, so we hope you will attend and consider presenting. The theme for the 2024 conference is Responsive Pedagogy: Extending Local Innovation to Advance Global Impact.

Cal OER focuses on OER efforts and impact, broadly defined, across the state of California and especially across the state's three public higher education systems, the California Community Colleges, the California State University, and the University of California.

- [Register for Cal OER](#)
- Access the [CalOER Presentation Tracks and Call for Proposals](#) Proposals are due Monday, June 3, 2024 by 5:00 PM.

Reminder about Textbook Adoptions and SB 893

- SB 893, the legislation that allows the District to fund the Free College Initiative, has specific restrictions with respect to how students in the program can purchase their course materials.
 - SB 893 textbook funds are **only** available for materials that can be purchased through the college bookstore.
 - SB 893 covers textbook costs for students who show financial need and/or who are eligible for the non-resident tuition waiver.
- The more courses and sections that are converted to ZTC or LTC, the further these dollars can go!
 - If you're using ZTC materials—especially those that are open-source—you can make a print option copy available. That way, your students can use their financial aid funds to purchase that print copy. Ask Jai for more info!

Meetings

Our next meeting will be in September—we're hoping to stay the 4th Tuesday of the month, 1-2pm, but we'll work with folks to get the best schedule. We'll announce our next meeting at the 22 August Academic Senate meeting.
