Adult School Healthcare Pathways are being supported through CAEP funds which are distributed through SMCCCD. At Cañada, the Medical Assisting pathway is the primary one we will be pursuing. This reassigned time is grant-funded and would pay for the following work.

- Meet with ACCEL and adult school partners to establish and refine workplan
- Coordinate with ESL and Math faculty as well as MEDA faculty to come up with the best preparation for Spanish first-language (English Language Learning) students to be successful in MEDA classes once they come to Cañada.
- The plan is to create two classes that would be taught in the adult school to support English Language Learning students in
 - Medical Terminology
 - Pharmacology
 - Basic Computer Skills (CBOT specifically for ESL MEDA pathway students)

Not only will this pathway serve the most marginalized populations, but it will create a community of support around English Language Learning students in health care fields.

- Outreach and marketing to adult school students who are interested in health care fields
- Work with ESL, Math, and CBOT faculty to design and refine curriculum to support adult school students to be ready to be successful in community college
- Direct communication with adult school students as well as ESL students who have already come to Cañada and are taking MEDA classes (focus groups, etc)
- Workshops to demonstrate what is needed in health care fields to get people interested and start getting them prepared
- Coordinate with adult schools (Particulaly Sequoia Adult School) to get their input on what is needed for pathways
- Coordinate regularly with the rest of the consortium regarding how the health care pathways can support each other
- And many many other things we haven't thought of yet!!!

Final Questions

How would your program be impacted if this position is not funded? *

Without CAEP, we would continue to not have a pathway for adult school students to be able to transition into medical careers after attending Cañada. There are great opportunities for growth in health care, but adult school students need special attention and supports to be successful. Health care is one of the areas that can be truly transformative for the lives of adult school students.

Anything else you would like us to know? For example, awards, recognition from the community, student highlights, etc.

CAEP funding is available at around \$150,000 over 3 years for Cañada College alone. Without this funding, there is no way that the MEDA faculty could do this work in addition to their already extremely heavy workload. We are guessing at .2 for the primary coordinator, but in fact multiple people would be necessary in addition to the coordinator, but they could be timesheeted for actual hours worked (which may not exceed 10 hours per semester without going through the release time process.)
